

Infant Learning Activity #2

What You Need:

- Coffee Can (or any kind of large container with a lid)
- Jar Lids of Various sizes (make sure they are large enough that they do not fit in your child's mouth)

What to do:

1. Wash all components with warm soapy water and let dry.
2. Cut a slot in the top of the coffee can lid that is large enough for the biggest jar lid.
3. Give the jar lids and the coffee can to your child and show them several times how to put the lids in the slot.
4. Let your child to attempt to put lids in the slot.
5. Talk to your child about what they are doing, the sizes of the lids, the colors of the lids, etc.

What your child is learning:

1. Fine Motor Skills
2. Cognitive Thinking Skills
3. Language Development – Even if your child is not talking yet he/she is learning language development by listening to you
