**Extracurricular Programs  
Required Policy**

1. The Activities Director shall ensure that male and female students have a wide range of opportunities for participation in extracurricular activities. Based on research studies indicating that the best predictor of student success is involvement in an extracurricular activity, every student shall have an opportunity to participate in at least one extracurricular activity of his/her choice.
2. Each activity shall have a staff sponsor or coach, who shall be present throughout the activity.
3. A student competing with other schools will be eligible to participate if s/he meets the requirements of the appropriate sanctioning body.
