PROGRAM APPRAISAL POLICY

Required

PROGRAM APPRAISAL NEEDS ASSESSMENT

Our yearly School Improvement Planning process will include:

- An analysis of programs and assessments that impact all components of the Kentucky State Accountability Model.
- Systematic work to discover and correct the causes of and barriers to high performance by all students and the movement of students toward our goals.
- A revision of our School Improvement Plan based on our needs assessment data for that year. Using the ASSIST Tool, the plan will set goals, address causes, and make indicated changes to programs to help move our students to state standards according to the timetable established by the Kentucky Board of Education.

We will implement this process to address the effectiveness of all our programs and the resulting plan will be monitored by the council through ongoing Implementation and Impact checks.

POLICY EVALUATION

We will evaluate the effectiveness of this policy through our School Improvement Planning Process.
